# **SKILLS TO LEARN BEFORE RELOCATING TO CANADA**

First and foremost, it is crucial for anyone considering traveling abroad to learn a lucrative and profitable handwork or digital skill in high demand.

As you know, things are not always what they seem to be. Most people believe good job awaits them when they relocate to Canada. However, sometimes one can be lucky to get a job in Canada immediately, while others must work hard and smart to survive.

Therefore, having a hand skill is helpful, especially when you don't have a job. Moreover, you can make extra funds with your hand skill in your free time when you have a job.

It would be best to learn a skill before coming to Canada. Although Canada is said to be a land of opportunity for many immigrants, you need the skill to fall back on if you cannot get a job.

The below-listed skills is some of the best skills to learn. Nevertheless, there are other lucrative you can learn

## **Top Ten Skills To Learn**

### **IT Skills**

Information technology skills are technical skills necessary to work within maintenance, development, and technical support. IT skills are highly demanded abroad, and those who possess them can sometimes combine them with their regular job.

Some of the best IT skills you need to learn are networking, programming, cloud computing, graphics, and artificial intelligence.

## **Driving**

Although most countries have different driving methods, you must learn how to drive from your country. However, knowing basic driving skills can be helpful, especially in a new environment, because you don't know if your job may require driving.

## **Content Creation/Writing**

As a content writer, you can work from home and choose a suitable time that is convenient for you. In other words, even if you have a full-time job, you can earn more money with this skill. There are a lot of websites and blogs that are constantly searching for a writer.

## **Barbering/ Hairdressing**

Hairdressing has been recognized as a lucrative skill that pays well abroad. Making your own in Canada is quite expensive; having such skills would be very profitable.

## **Carpentry**

Carpentry is one of the most lucrative handworks in high demand abroad.

Carpenters are people involved in designing, cutting, and building furniture using different types of wood.

However, you would need certification to become a professional carpenter to get a job abroad.

## **Electrical Skills**

Every household in the world requires the services of an electrician for electric installation and repairs, making it a lucrative skill. However, you may need to register with the regulatory bodies to practice your skill and obtain a license.

## **Tailoring**

Tailoring is one of the most lucrative handworks in high demand aboard. You can earn a lot of money by learning how to sew because the cost of a dress in Canada is expensive.

However, you may need to get the necessary certificate to verify you are professional before you can sew a dress in Canada.

## **Mechanic**

Some people in Africa might consider this skill a dirty job, but learning auto mechanics is good if you are coming to Canada.

As we all know, most people own cars, from teenagers to the working class, and these cars would always develop faults from time to time. Here is where the skill of a mechanic is required, and they earn very good money.

## **Plumbing**

Every new or renovated house in the world requires the services of a professional plumber to install the plumbing components. So, a job will always be available to you, making this skill lucrative.

## **Makeup Artistry**

In any country, makeup is one of the most lucrative learning handworks. Moreover, makeup and other cosmetic product are a ritual for ladies. Professional makeup artists are always required whenever there is an occasion, and you know they don't come cheap.
